

INDEX TO VOLUME 133

A

- Abdominal Aorta, Progressive Constrictive Occlusion of, with Wiring and Electrothermic Coagulation, 447.
 Abdominal Surgery, Aided with Aureomycin, 364.
 Abdominal Tumors, Organ-displacing, 605.
 ACTH, Adrenalectomy and Cortisone Effects on Wound Healing; An Experimental Study, 783.
 Adrenalectomy, ACTH and Cortisone effects on Wound Healing; An Experimental Study, 783.
 Adrenal Gland, Right, Spontaneous Rupture of a Pheochromocytoma, of, Resulting in Hemorrhage, 404.
 Amebic Appendicitis, Peritonitis and Wound Infection, 139.
 Anal Incontinence, Postoperative Traumatic, 240.
 Anastomoses, Aortic, Observations on the Growth of, in Puppies, 200.
 Anastomoses, Esophageal, Its Mechanical Strength, 472.
 Anatomic and Surgical Significance of the Lumbar Sympathetic Nervous System, 525.
 Aneurysms, Popliteal, Bilateral, Spontaneous Rupture of, 131.
 Annular Pancreas, 754.
 Anoxia in the Surgical Patient, 286.
 Antibiotics in the Treatment of Clotted Hemothorax, 853.
 Anticoagulants, Special Reference to Their Value in Surgical Treatment of Carotid Body Tumors, 837.
 Aortic Anastomoses, Observations on the Growth of, in Puppies, 200.
 Appendage Thrombosis, Left Auricular, with Aortic and Multiple Arterial Emboli, 109.
 Appendiceal Lumen, Syndrome of Appendicitis Caused by Fecal Distention of, 272.
 Appendicitis, Acute: Conservative Therapy Versus First Principles, 428; Acute, in the Negro of Advancing Years, 631; Amebic, Peritonitis and Wound Infection, 130; Syndrome of, Caused by Fecal Distention of Appendiceal Lumen, 272.
 Arachnoiditis, Lumbar Spinal, As a Complication of the Intervertebral Disc Operation, 470.
 Army Medical Service Profits By Past Experience—Letter to the Editor, 751.
 Arterial Emboli, Multiple, Left Auricular Appendage Thrombosis with Aortic and, 109.
 Arteriovenous Fistula of the Middle Meningeal Artery and the Greater Petrosal Sinus, 886.
 Atresia, Jejunal, Ruptured Omphalocele and, 123.
 Aureomycin As An Aid in Abdominal Surgery, 364; Clinical Experiences with, in Surgical Infections, 344; Therapeutic Effect of in Experimental Peritonitis in the Dog, 208.

B

- Bile, Choledochal, Observations on the Bacteriology of, 486; Duct, Common, Spontaneous Perforation of, 281.
 Biliary Ducts, Their Relations To The Hepatic, Cystic and Retroduodenal Arteries, 503.
 Biologic Principles in the Healing of Fractures and Their Bearing On Treatment, 433.
 Blood Volume Determinations, Value of in Extensive Operations of the Head and Neck, 830.
 Book Reviews: Acute Appendicitis and Its Complications, 1049; Campbell's Operative Orthopaedics, 142; Peptic Ulcer, 385; World Surgery of 1950, 252.
 Basilar Impression Producing Signs of High Cervical Cord Tumor, 874.
 Bowel, Small, Total Intravenous Alimentation in Treatment of Fistulas of, 644.
 Breast, Male, Advanced Carcinoma of, Effected by Hormonal Imbalance, 101; Papillary Neoplasms of, 18.
 Bronchus, Rupture of, following Closed Injury to the Chest, 127.

C

- Cancer, Advanced, Extended Surgery in, Editorial, 574; of the Cervix, Its Uptake of Labelled Phosphorus, 305.
 Carcinoma, Advanced, of the Male Breast, as Effected by Hormonal Imbalance, 101; of the Rectum, 116; Squamous Cell, of the Rectum, 283.
 Cardiac Tamponade: Treatment by Aspiration, 623.
 Carotid Body Tumors, Their Surgical Treatment With Special Reference to the Value of the Anticoagulants, 837.
 Cerebellar Cortex, Cervical Displacement of, With Unilateral Signs of Spinal Cord Tumor, 875.
 Cervical Displacement of Cerebellar Cortex With Unilateral Signs of Spinal Cord Tumor, 874.

- Cervix, Cancer of, Its Uptake of Labelled Phosphorus, 305; Changes in Squamous Epithelium Following the Surgical Treatment of Absence of the Vagina, 814.
 Chyle, Reflux of Intestinal, in Lymphatics of the Leg, 234.
 Clinical Experiences with Aureomycin in Surgical Infections, 344.
 Coccidioidomycosis and Tuberculosis in the Same Bones, 116.
 Colitis, Ulcerative, Indications for Surgical Intervention in Patients With, 726.
 Common Duct, Strictures of, 684.
 Complications and Recurrences Following Inguinal Hernia Repair, 533.
 Contrast Visualization of the Pulmonary Vessels as an Aid in the Early Diagnosis of Pulmonary Neoplasms, 270.
 Cortisone, ACTH and Adrenalectomy Effects on Wound Healing; An Experimental Study, 783.
 Cylindroma, Massive of Scalp and Face, Surgical Management of, Total Excision of the Scalp and Portions of the Face; Restoration by Skin Grafting, 555.
 Cystic, Hepatic and Retroduodenal Arteries and Their Relations to the Biliary Ducts, 503.
 Cystogastrostomy: A Treatment of Pancreatic Pseudocysts, 219.

D

- Death Following Stellate Ganglion Block, 226.
 Deglutition, Paralysis of, A Post-polioymyelitis Complication Treated by Section of the Cricopharyngeus Muscle, 572.
 Dermoid, Ovarian, Perforating Rectum in a Child: Excision by Abdominoperitoneal Proctosigmoidectomy, 408.
 Diagnostic Criteria in a Strangulating Obstruction of the Small Intestine, 184.
 Diabetes, Transient, in the Postoperative State, 299.
 Diverticula, Duodenal: Report of Eight Surgical Cases, 697.
 Diverticulitis of the Colon, Its Surgical Management, 708.
 Duct Stones, Common, Retained Postoperative, Nonoperative Treatment of, 174.
 Duodenal Diverticula: Report of Eight Surgical Cases, 697; Ulcer, Giant Benign, 416.

E

- Effect of Adrenalectomy, ACTH and Cortisone on Wound Healing; an Experimental Study, 783; of Hormonal Imbalance on Advanced Carcinoma of the Male Breast, 101.
 Effects on Human Subjects of Intravenous Fat Emulsions of High Caloric Potency, 145.
 Efficacy and Applicability of an Intussuscepted Conical Valve in Preventing Regurgitation and Leakage of Intestinal Contents, 477.
 Electrothermic Coagulation and Wiring in Progressive Constrictive Occlusion of the Abdominal Aorta, 447.
 Emboli, Aortic and Multiple Arterial, Left Auricular Appendage Thrombosis with, 109.
 Embolism, Peripheral Arterial, 603.
 Extended Surgery in Advanced Cancer, Editorial, 574.

F

- Fat Emulsions, Intravenous, Effects of High Caloric Potency on Human Subjects, 145.
 Fistula, Arteriovenous, of the Middle Meningeal Artery and the Greater Petrosal Sinus, 886.
 Fractures, Healing, Biologic Principles in, and Their Bearing on Treatment, 433.
 Frequency of Aspiration of Gastric Contents by the Lungs During Anesthesia and Surgery, 289.
 Functioning Struma Ovarii, 253.
 Further Considerations of Internal Drainage of Pancreatic Cysts, 764.

G

- Ganglion Block, Stellate, Death Following a, 226.
 Gastrectomy, Partial, Late Results of, 1.
 Genitalia, Male External, Traumatic Denudation, One-Stage Reconstruction for, 889.
 Giant Benign Duodenal Ulcer: Report of a Case, 417.
 Giant Cell Tumors of Tendon Sheath Origin: A Consideration of Bone Involvement and Report of Two Cases with Extensive Bone Destruction, 374.
 Glomus Tumor of Unusual Size: Case Report, 401; Report of Twenty Cases, 394.

INDEX TO VOLUME 133

A

- Abdominal Aorta, Progressive Constrictive Occlusion of, with Wiring and Electrothermic Coagulation, 447.
 Abdominal Surgery, Aided with Aureomycin, 364.
 Abdominal Tumors, Organ-displacing, 605.
 ACTH, Adrenalectomy and Cortisone Effects on Wound Healing; An Experimental Study, 783.
 Adrenalectomy, ACTH and Cortisone effects on Wound Healing; An Experimental Study, 783.
 Adrenal Gland, Right, Spontaneous Rupture of a Pheochromocytoma, of, Resulting in Hemorrhage, 404.
 Amebic Appendicitis, Peritonitis and Wound Infection, 139.
 Anal Incontinence, Postoperative Traumatic, 240.
 Anastomoses, Aortic, Observations on the Growth of, in Puppies, 200.
 Anastomoses, Esophageal, Its Mechanical Strength, 472.
 Anatomic and Surgical Significance of the Lumbar Sympathetic Nervous System, 525.
 Aneurysms, Popliteal, Bilateral, Spontaneous Rupture of, 131.
 Annular Pancreas, 754.
 Anoxia in the Surgical Patient, 286.
 Antibiotics in the Treatment of Clotted Hemothorax, 853.
 Anticoagulants, Special Reference to Their Value in Surgical Treatment of Carotid Body Tumors, 837.
 Aortic Anastomoses, Observations on the Growth of, in Puppies, 200.
 Appendage Thrombosis, Left Auricular, with Aortic and Multiple Arterial Emboli, 109.
 Appendiceal Lumen, Syndrome of Appendicitis Caused by Fecal Distention of, 272.
 Appendicitis, Acute: Conservative Therapy Versus First Principles, 428; Acute, in the Negro of Advancing Years, 631; Amebic, Peritonitis and Wound Infection, 130; Syndrome of, Caused by Fecal Distention of Appendiceal Lumen, 272.
 Arachnoiditis, Lumbar Spinal, As a Complication of the Intervertebral Disc Operation, 470.
 Army Medical Service Profits By Past Experience—Letter to the Editor, 751.
 Arterial Emboli, Multiple, Left Auricular Appendage Thrombosis with Aortic and, 109.
 Arteriovenous Fistula of the Middle Meningeal Artery and the Greater Petrosal Sinus, 886.
 Atresia, Jejunal, Ruptured Omphalocele and, 123.
 Aureomycin As An Aid in Abdominal Surgery, 364; Clinical Experiences with, in Surgical Infections, 344; Therapeutic Effect of in Experimental Peritonitis in the Dog, 208.

B

- Bile, Choledochal, Observations on the Bacteriology of, 486; Duct, Common, Spontaneous Perforation of, 281.
 Biliary Ducts, Their Relations To The Hepatic, Cystic and Retroduodenal Arteries, 503.
 Biologic Principles in the Healing of Fractures and Their Bearing On Treatment, 433.
 Blood Volume Determinations, Value of in Extensive Operations of the Head and Neck, 830.
 Book Reviews: Acute Appendicitis and Its Complications, 1049; Campbell's Operative Orthopaedics, 142; Peptic Ulcer, 385; World Surgery of 1950, 252.
 Basilar Impression Producing Signs of High Cervical Cord Tumor, 874.
 Bowel, Small, Total Intravenous Alimentation in Treatment of Fistulas of, 644.
 Breast, Male, Advanced Carcinoma of, Effected by Hormonal Imbalance, 101; Papillary Neoplasms of, 18.
 Bronchus, Rupture of, following Closed Injury to the Chest, 127.

C

- Cancer, Advanced, Extended Surgery in, Editorial, 574; of the Cervix, Its Uptake of Labelled Phosphorus, 305.
 Carcinoma, Advanced, of the Male Breast, as Effected by Hormonal Imbalance, 101; of the Rectum, 116; Squamous Cell, of the Rectum, 283.
 Cardiac Tamponade: Treatment by Aspiration, 623.
 Carotid Body Tumors, Their Surgical Treatment With Special Reference to the Value of the Anticoagulants, 837.
 Cerebellar Cortex, Cervical Displacement of, With Unilateral Signs of Spinal Cord Tumor, 875.
 Cervical Displacement of Cerebellar Cortex With Unilateral Signs of Spinal Cord Tumor, 874.

- Cervix, Cancer of, Its Uptake of Labelled Phosphorus, 305; Changes in Squamous Epithelium Following the Surgical Treatment of Absence of the Vagina, 814.
 Chyle, Reflux of Intestinal, in Lymphatics of the Leg, 234.
 Clinical Experiences with Aureomycin in Surgical Infections, 344.
 Coccidioidomycosis and Tuberculosis in the Same Bones, 116.
 Colitis, Ulcerative, Indications for Surgical Intervention in Patients With, 726.
 Common Duct, Strictures of, 684.
 Complications and Recurrences Following Inguinal Hernia Repair, 533.
 Contrast Visualization of the Pulmonary Vessels as an Aid in the Early Diagnosis of Pulmonary Neoplasms, 270.
 Cortisone, ACTH and Adrenalectomy Effects on Wound Healing; An Experimental Study, 783.
 Cylindroma, Massive of Scalp and Face, Surgical Management of, Total Excision of the Scalp and Portions of the Face; Restoration by Skin Grafting, 555.
 Cystic, Hepatic and Retroduodenal Arteries and Their Relations to the Biliary Ducts, 503.
 Cystogastrostomy: A Treatment of Pancreatic Pseudocysts, 219.

D

- Death Following Stellate Ganglion Block, 226.
 Deglutition, Paralysis of, A Post-polioymyelitis Complication Treated by Section of the Cricopharyngeus Muscle, 572.
 Dermoid, Ovarian, Perforating Rectum in a Child: Excision by Abdominoperitoneal Proctosigmoidectomy, 408.
 Diagnostic Criteria in a Strangulating Obstruction of the Small Intestine, 184.
 Diabetes, Transient, in the Postoperative State, 299.
 Diverticula, Duodenal: Report of Eight Surgical Cases, 697.
 Diverticulitis of the Colon, Its Surgical Management, 708.
 Duct Stones, Common, Retained Postoperative, Nonoperative Treatment of, 174.
 Duodenal Diverticula: Report of Eight Surgical Cases, 697; Ulcer, Giant Benign, 416.

E

- Effect of Adrenalectomy, ACTH and Cortisone on Wound Healing; an Experimental Study, 783; of Hormonal Imbalance on Advanced Carcinoma of the Male Breast, 101.
 Effects on Human Subjects of Intravenous Fat Emulsions of High Caloric Potency, 145.
 Efficacy and Applicability of an Intussuscepted Conical Valve in Preventing Regurgitation and Leakage of Intestinal Contents, 477.
 Electrothermic Coagulation and Wiring in Progressive Constrictive Occlusion of the Abdominal Aorta, 447.
 Emboli, Aortic and Multiple Arterial, Left Auricular Appendage Thrombosis with, 109.
 Embolism, Peripheral Arterial, 603.
 Extended Surgery in Advanced Cancer, Editorial, 574.

F

- Fat Emulsions, Intravenous, Effects of High Caloric Potency on Human Subjects, 145.
 Fistula, Arteriovenous, of the Middle Meningeal Artery and the Greater Petrosal Sinus, 886.
 Fractures, Healing, Biologic Principles in, and Their Bearing on Treatment, 433.
 Frequency of Aspiration of Gastric Contents by the Lungs During Anesthesia and Surgery, 289.
 Functioning Struma Ovarii, 253.
 Further Considerations of Internal Drainage of Pancreatic Cysts, 764.

G

- Ganglion Block, Stellate, Death Following a, 226.
 Gastrectomy, Partial, Late Results of, 1.
 Genitalia, Male External, Traumatic Denudation, One-Stage Reconstruction for, 889.
 Giant Benign Duodenal Ulcer: Report of a Case, 417.
 Giant Cell Tumors of Tendon Sheath Origin: A Consideration of Bone Involvement and Report of Two Cases with Extensive Bone Destruction, 374.
 Glomus Tumor of Unusual Size: Case Report, 401; Report of Twenty Cases, 394.

INDEX TO VOLUME 133

H

- Heart, Revascularization of by Vein Graft from Aorta to Coronary Sinus, 153.
Hemangi-endothelioma With Diffuse Involvement of Spleen and Bone, 561.
Hemipelvectomy, Method of, with Abdominal Exploration and Temporary Ligation of the Common Iliac Artery, 267.
Hemopneumothorax, Spontaneous, 413.
Hemorrhage From Spontaneous Rupture of a Pheochromocytoma of the Right Adrenal Gland: A Case Report, 404.
Hemothorax, Clotted, Treated with Streptokinase and Other Antibiotics, 853.
Hepatic, Cystic and Retroduodenal Arteries and Their Relations to the Biliary Ducts, 503.
Hernia, Inguinal, Complications and Recurrences Following Repair, 533; Perineal, 255.
Hypertension, High Diastolic, Physiologic Principles Underlying Treatment of, by Thiocyanates and Sympathectomies, 867.
Hysterectomy, A Personal Experience With 2000 Consecutive Cases in Private Practice, 819.

I

- Iliac Artery, Common, Temporary Ligation of, and Abdominal Exploration, in Hemipelvectomy, 267.
Ileitis, Segmental, 651.
Impacting Bone Plate to Attain Closed Coaptation, 808.
Incision and Method of Sound Closure for Radical Mastectomy, 565.
Incontinence, Anal, Postoperative Traumatic, 240.
Indications for Surgical Intervention in Patients with Ulcerative Colitis, 726.
Infections, Surgical, Clinical Experiences with Aureomycin in, 344.
Intervertebral Disc Operation, Complicated by Lumbar Spinal Arachnoiditis, 490.
Intestine, Small, Diagnostic Criteria in Strangulating Obstruction of, 184; Small, Late Radiation Reaction in, Manifest Eight Years after Therapy, 104.

L

- Leg, Lymphatics of, Reflux of Intestinal Chyle in, 234.
Limitations of Lumbar Sympathectomy in Far-advanced Peripheral Sclerosis, 293.
Linguall Thyroid, 90.
Liposarcoma of an Extremity Associated with Multiple Subcutaneous Lipomas, 261.
Lumbar Spinal Arachnoiditis, A Complication of the Intervertebral Disc Operation, 490; Sympathectomy, Its Limitations in Far-advanced Peripheral Sclerosis, 293; Sympathetic Nervous System, Its Anatomic and Surgical Significance, 525.
Lymphatics of the Leg, Reflux of Intestinal Chyle in, 234.

M

- Mastectomy, Radical, Incision and Method of Sound Closure for, 565; Radical, the Rationale of, 331.
Mechanical Strength of Esophageal Anastomoses, 472.
Meconium Peritonitis, 548.
Megacolon, Congenital, the Pathologic Physiology of, 313; Congenital, the Surgical Treatment of, 321.
Melanotic Sarcoma and Its Treatment, 772.
Meningeal Artery, Middle, and the Greater Petrosal Sinus. Arteriovenous Fistula of the, 887.
Mesothelioma, Solitary (Localized), of the Pleura, 50.
Method of Hemipelvectomy with Abdominal Exploration and Temporary Ligation of the Common Iliac Artery, 267; Skeletal Traction Applied Through the Sternum in "Steering Wheel" Injury of the Chest, 135.

N

- Neoplasms, Papillary, of the Breast, 18; Early Diagnosis of Pulmonary, Contrast Visualization of Pulmonary Vessels in, 270.
New Incision for Pericardectomy, 540.
Nonoperative Treatment of Retained Postoperative Common Duct Stones, 174.
Nor-epinephrine (L-Arterenol), Use of, as Pressor Drug with Special Reference to Thoraco-lumbar Sympathectomy, 37.

O

- Observations on the Bacteriology of Choledochal Bile, 486; on the Growth of Aortic Anastomoses in Puppies, 200.
Omphalocele, Ruptured, and Jejunal Atresia, 123.
One-Stage Reconstruction for Traumatic Denudation of the Male External Genitalia, 889.
Organ-displacing Abdominal Tumors, 665.

- Osteoid Osteoma, 77.
Osteoma, Osteoid, 77; Parosteal, of Bone—A New Entity, 790.
Ovarian Dermoid Perforating Rectum in a Child: Excision by Abdominoperitoneal Proctosigmoidectomy, 408.
Ovary, Struma, Functioning, 253.

P

- Pancreas, Annular, 754.
Pancreatic Cysts, Further Considerations of Internal Drainage of, 764.
Papillary Neoplasms of the Breast, 18.
Paralysis of Deglutition, A Post-polio-myelitis Complication Treated by Section of the Cricopharyngeus Muscle, 572.
Parosteal Osteoma of Bone—A New Entity, 790.
Pathologic Physiology of Congenital Megacolon, 313.
Penicillin-procaine, Prophylaxis of Tetanus with, 44.
Percutaneous Arterial Catheterization in Dogs With Special Reference to Angiography, 544.
Pericardectomy, A New Incision for, 540.
Peritoneal Hernia, 255.
Peripheral Arterial Embolism, 603.
Peritonitis, amebic appendicitis, and Wound Infection, 130; Experimental in the Dog, As Affected by Aureomycin, 208; Meconium, 548.
Petrosal Sinus, Greater—Middle Meningeal Artery. A-V Fistula, 887.
Pheochromocytoma of the Right Adrenal Gland, Hemorrhage From Its Spontaneous Rupture, 404.
Phosphorus, Labelled, The Uptake of by Cancer of the Cervix, 305.
Physiologic Principles Underlying the Treatment of High Diastolic Hypertension by Thiocyanates and Sympathectomies, 867.
Platypnea, 406.
Pleura, Solitary (Localized) Mesothelioma of, 50.
Popliteal Aneurysms, Bilateral, Spontaneous Rupture of, 131.
Postoperative Physiologic and Clinical Study of Gastric Vagotomy in 130 Cases, 743; Traumatic Anal Incontinence, 240.
Problem of Esophageal Replacement by Jejunum with Particular Reference to Influence Upon Circulation of Staging the Division of Mesenteric Vessels, 463.
Proctosigmoidectomy, Abdominoperitoneal, Excision of Ovarian Dermoid Perforating Rectum of Child by, 408.
Progressive Constrictive Occlusion of the Abdominal Aorta with Wiring and Electrothermic Coagulation, 447.
Prolapse of the Rectum, 244.
Prophylaxis of Tetanus with Penicillin-Procaine, 44.
Pulmonary Neoplasms, Early Diagnosis of, Aided Through Contrast Visualization of the Pulmonary Vessels, 270.
Pulmonary Vessels, Contrast Visualization of as an Aid in the Early Diagnosis of Pulmonary Neoplasms, 270.

R

- Radiation Reaction, Late, in Small Intestine, 104; Ulcers, Large, Repair of, Situated over the Heart and Brain, 95.
Rationale of Radical Mastectomy: A Review, 330.
Rearmament, Surgeons and, 143.
Rectum, Carcinoma of, 166.
Prolapse of, 244.
Squamous Cell Carcinoma of, 283.
Reflux of the Intestinal Chyle in the Lymphatics of the Leg, 234.
Rehair of Large Radiation Ulcers Situated over the Heart and the Brain, 95.
Retroduodenal, Hepatic and Cystic Arteries and Their Relations to the Biliary Ducts, 503.
Revascularization of the Heart by Vein Graft from Aorta to Coronary Sinus, 153.
Ruptured Omphalocele and Jejunal Atresia, 123.
Rupture of the Bronchus Following Closed Injury to the Chest, 127.

S

- Sacrococcygeal Teratoma: Review of the Literature: Report of Case in an Adult Containing a Glomus, 412.
Salmonella Typhosa, Causing Suppurative Strumitis, 247.
Sarcoma, Melanotic, and Its Treatment, 772.
Sclerosis, Far-advanced Peripheral, Limitations of Lumbar Sympathectomy in, 293.
Segmental Ileitis, 651.
Sigmoid, Volvulus of, 719.
Skeletal Traction, A Method of, Applied Through the Sternum in "Steering Wheel" Injury of the Chest, 135.
Solitary (Localized) Mesothelioma of the Pleura, 50.
Spinal Cord Tumor, Cervical Displacement of Cerebellar Cortex With Unilateral Signs of, 875.

INDEX TO VOLUME 133

Annals of Surgery
June, 1951

- Spontaneous Hemopneumothorax: Report of a Case Treated by Thoracotomy, 413; Perforation of the Common Bile Duct, 280; Rupture of Bilateral Popliteal Aneurysms, 131.
 Squamous Cell Carcinoma of the Rectum, 283.
 Stellate Ganglion Block, Death Following, 226.
 Stones, Common Duct, Retained Postoperative, Nonoperative Treatment of, 174.
 Strangulating Obstruction of Small Intestine, Diagnostic Criteria in, 184.
 Streptokinase and Other Antibiotics in the Treatment of Clotted Hemothorax, 853.
 Strictures of the Common Duct, 684.
 Struma Ovarii, Functioning, 253.
 Strumitis, Suppurative, Caused by *Salmonella Typhosa*, 247.
 Subclavius-anterior Scalenus Muscle Compression As The Cause of "Effort Thrombosis" of Subclavian Vein, 588.
 Subcutaneous Lipomas, Multiple, Their Association with Liposarcoma of an Extremity, 261.
 Suppurative Strumitis Caused by *Salmonella Typhosa*, 247.
 Surgeons and Rearmament, 143.
 Surgical Management of Diverticulitis of the Colon, 708; Treatment of Congenital Megacolon, 321; Treatment of Carotid Body Tumors With Special Reference to the Value of the Anticoagulants, 837; Treatment of Varicose Veins: A Survey of the Methods of Treatment With a Description of Intraluminal Stripping and Its Results, 386.
 Sympathectomies and Thiocyanates, The Physiologic Principles Underlying Their Use in Treatment of High Diastolic Hypertension, 867.
 Sympathectomy, Limitations of Lumbar, in Peripheral Sclerosis, 293.
 Syndrome of Appendicitis Caused by Fecal Distention of Appendiceal Lumen, 272.

T

- Tamponade, Cardiac: Treatment by Aspiration, 623.
 Tendon Defects, Utilization of Scar Tissue in Bridging, 567; Sheath, Giant Cell Tumors of, 374.
 Tetanus, Prophylaxis of, with Penicillin-procaine, 44.
 Therapeutic Effect of Aureomycin in Experimental Peritonitis in the Dog—I. Oral Therapy, 208.
 Thiocyanates and Sympathectomies, The Physiologic Principles Underlying Their Use in Treatment of High Diastolic Hypertension, 867.
 Thoraco-lumbar Sympathectomy, Use of Nor-epinephrine (L-Arterenol) as a Pressor Drug with, 37.
 Thoracotomy, Spontaneous Hemopneumothorax Treated by, 413.
 Thrombo-embolism In Children, 611.

- "Thrombosis, Effort" of Subclavian Vein Caused By Sub-clavius-anterior Scalenus Muscle Compression, 588; Left Auricular Appendage, with Aortic and Multiple Arterial Emboli, 109.
 Thyroid, Lingual, 90.
 Thyroideectomy, Tracheotomy after, 65.
 Total Excision of the Scalp and Portions of the Face; Restoration by Skin Grafting: the Surgical Management of Massive Cylindroma of the Scalp and Face, 555.
 Total Intravenous Alimentation in the Treatment of Small Bowel Fistulas, 644.
 Tracheotomy after Thirodeectomy, 65.
 Transient Diabetes in the Postoperative State, 299.
 Tuberculosis and Coccidioidomycosis in the Same Bones, 116.
 Tumor, Glomus, 394; of Unusual Size, 401; High Cervical Cord, 874.
 Tumors, Giant Cell, of Tendon Sheath Origin, 374.

U

- Ulcer, Gastrojejunal, Treatment of by Vagus Section, 216.
 Ulcers, Repair of Large Radiation, Situated over the Heart and Brain, 95.
 Unilateral Cervical Displacement of Cerebellum Associated With Basilar Impression Producing Signs of High Cervical Cord Tumor, 874.
 Uptake of Labelled Phosphorus by Cancer of the Cervix: Preliminary Report, 305.
 Use of Nor-epinephrine (L-Arterenol) as a Pressor Drug with Special Reference to Thoraco-lumbar Sympathectomy, 37.
 Uses and Abuses of Laboratory Aids in Surgery, 898.
 Utilization of Scar Tissue in Bridging Tendon Defects, 567.

V

- Vagina, Absence of, Changes in Squamous Epithelium Following Surgical Treatment, 814.
 Vagotomy, Gastric, Postoperative Physiologic and Clinical Study of, in 130 Cases, 743.
 Vagus Section in the Treatment of Gastro-jejunal Ulcer, 216.
 Value of Blood Volume Determinations in Extensive Operations Upon the Head and Neck, 830.
 Valve, Intussuscepted Conical, Its Efficacy and Applicability in Preventing Regurgitation and Leakage of Intestinal Contents, 477.
 Varicose Veins Treated with Surgery, 386.
 Vein Graft from Aorta to Coronary Sinus in Revascularization of the Heart, 153.
 Volvulus of the Sigmoid, 719.
